Guide 2014

blooma 
live life outdoors

There are so many ways to enjoy your outdoor space – to relax, dine and have fun. Blooma is inspired by nature to bring you a beautiful and timeless collection that is perfect for today's lifestyle. With Blooma, you can enjoy spending time with family and friends, making the most of your garden and turning it into the ideal extra room for your home.

Blooma, live life outdoors.

Our collection includes:

Garden furniture

Lighting

Barbecues

Structures

Landscaping

blooma 

Welcome

Whether you have a large garden, small outdoor space, terrace or balcony...we have everything you need to make the most of your outdoor space, to relax and spend quality time with family and friends.

Blooma has created a timeless collection of garden furniture, parasols and gazebos.

This brochure reveals our collections to give you a flavour of what you can achieve in your own outside space, and help you choose the perfect set to suit your unique taste and lifestyle.

Feel at home with Blooma

If you enjoy the great outdoors, B&Q has got it covered, with brands to make the most of your home and outdoor space and let you enjoy life to the full.

Quality, design, simplicity, sustainability

All our brands share the same key values to make them appealing for everyone.

blooma 

Our new range offers a stylish selection of contemporary designs that you'll love.

- Our stylists and designers have tapped into the latest trends to include multicoloured, contemporary, authentic and charm styles to help you create your perfect space.
- Always seeking new materials and design ideas, our stylists have played with colour and shape to bring you this unique and timeless collection.

The new Blooma outdoor range promises a collection that has something for everyone

- You'll find products that are easy to use, easy to build and enjoy. Practical, flexible and functional furniture will help you make the most of your outdoor space. And with a choice of easy to store, foldable or stackable pieces, you can be sure to find something that fits.
- To help you make the most of your space, there is a great selection of materials, including rattan style, steel or aluminium designs.

Quality guarantee we control our chain of production to bring you quality, high performance and user-friendly products

- We take care to select quality materials, perfectly suited to outdoor conditions, UV resistant, waterproof and weatherproof.
- We pay particular attention to the finish so that our furniture can survive the seasons. There are products in powder coated and polyester powder finish steel and aluminium, and heat treated tempered glass.

Sustainable development our products adhere to strict standards with the principle "what's best for you, is best for the planet"

- Blooma is committed to this principle. All our wood is certified and comes for responsibly managed forests.

The FSC certification (Forest Stewardship Council) is a certification programme that guarantees well managed forests under the human and economic environmental plan.

The TFT certification (The Forest Trust) is a programme that helps companies to gain FSC certification.

Our materials

Our stylists have combined traditional materials like wood and steel with more modern materials to create a unique collection.

Steel and aluminium

These are highly resistant materials that are lightweight and easy to move. We also ensure a high level of finish with epoxy powder paints and polyester powder products which are weatherproof, UV and scratch resistant. **Our products are also easy to clean with soapy water.**

Wood

This is a warm material that is both natural and recyclable. Depending on weather conditions wood requires some maintenance, once or twice a year with one or more layers of the appropriate coating, paint, oil or wood stain. For more information on how to care for your wood, please refer to your furniture guide.

Teak

(Class 5) Naturally hardwearing, this wood is perfect for outdoor use. **It can be treated once or twice a year with teak oil.** Alternatively you can choose to let the wood silver over time, which won't affect its durability.

Rattan effect

This is a highly resistant warm and comfortable material. **It can be cleaned easily with a soft cloth and soapy water. This doesn't need to be cared for like real rattan and can be left outside ALL year round.**

PVC Polyester coated canvas

This lightweight and hardwearing textolite material is comfortable even without a cushion. **It is easy to clean with a sponge and soapy water.**

Tempered glass tabletops

Tempered glass is heat treated to make it shock resistant. And we have a range of tabletops up to a thickness of 12 mm. **They are easy to clean with soapy water or with a glass cleaning product from time to time.**

4 Styles, 4 gardens...

Multicoloured style

Let our fun collection add a splash of colour and create an eye-catching display for your outdoor space.

Contemporary design

Enjoy the simple lines and muted colours to create a thoroughly modern scheme.

Authentic

Timeless natural design built in harmony with nature sits perfectly in your garden.

Charm

Add style and panache to your garden with these delicate designs.

Diall

Blooma recommend the Diall cleaning and protection products, which have been formulated to care for our range of materials.

Find them in your local B&Q store.

Top tip

Protect your furniture with our fantastic range of covers – available in store and online
